Labor Income	\$1.3 Billion
Share of Total Jobs in County	1.0%

South Coast Air Quality Management District (SCAQMD)

The oil and gas industry is an important economic force and major employer in California's South Coast region, including Los Angeles, Orange, Riverside and San Bernardino counties (the four counties serviced by the South Coast Air Quality Management District). In these four counties:

Total Jobs	Labor Income	Economic Contribution
115,830	\$7.2 Billion	\$54 Billion
State and Local Tax Revenue	Share of Total Jobs in SCAQMD	
\$1.3 Billion	1.1%	

A report titled "2019 Report Oil & Gas in California: The Industry, Its Economic Contribution and User Industries at Risk" examined the economic contribution of the oil and gas industry in California for the year 2017, the most recent annual data available, as well as identified user industries of refined products most vulnerable to cost increases, supply restrictions and competitive pressures from outside the state. The study was conducted by the Los Angeles County Economic Development Corporation on behalf of the Western States Petroleum Association.
